"as Singapore's foremost funk and soul ambassador, Michaela Therese more than speaks this [the soul] language with a verve that is as show-stopping as it is beautifully moving. a straight-up torch-song singer who can also switch to a honeyed, sensual coo that her musical hero, Erykah Badu, will most definitely approve of, Michaela boasts a vocal prowess that is an undeniable lodestar in the firmament of the local [Singapore] music scene. long schooled in the disciplines of funk and soul, Michaela emerged as an even more eminently emotive artist on her debut full-length, My Name Is Meekellah, released in April this year."

- Ziggy, AUG2014

"you may be tired of hearing that Michaela Therese is 'Singapore's answer to Alicia Keys', but she truly has a rich, sexy soulfulness that's a rare commodity among local singers... given her popularity and stature in the city's music scene, it's a steal that you can see her sing for free at [her regular gigs]."
